Minis - Group skiing lessons for kids age 5-7 yrs

We have introduced a new course of group lessons for children from the age of 5!

The groups have a maximum of 4 children per group. The children will start on the taster lesson to ensure they like it & so that the instructor can assess them. Each child will be given a proficiency card, each lesson will have a set criteria which will need to be covered before they move on to the next session, therefore they will stay in that group until the instructor signs them onto the next level. Your child will be able to keep their card when they have completed.
